In my opinion, traveling **by plane** is the best option because of the following reasons.

[Câu mở rộng cho B2] One more reason I'm all for it is **traveling by plane** is fast. It takes only one hour to move from Danang to HN, so it helps them save a lot of time for traveling and have more time to explore the Hanoi Capital. Besides, it is comfortable because they can read books, listen to music, watch movies, take a nap, and enjoy good meals during the flight.

There are several reasons why I don't choose other options.

As for **traveling by train**, I don't think it's a good choice simply because it's not useful and inconvenient.

Regarding **traveling by coach**, I don't choose it because it's unsuitable even though it's good to some extent.

[Câu mở rộng cho B2] One more reason why I don't choose these options is because **they are a waste of time. They run slowly because the traffic infrastructure is in bad condition, which makes them feel tired and uncomfortable. Besides, it is always crowded in a coach and train, so it's easier for them to get diseases such as flu, fever, and COVID.**

To sum up, if I were in that situation, I would choose **traveling by plane** due to the above reasons although other options have their own benefits.
